

Postcode Children Trust Funding Strategy 2021-2023

Postcode Children Trust

Trust Vision

Postcode Children Trust has a vision that every child and young person, regardless of their starting point, background or experiences, feels loved, safe, respected and enabled to thrive into adulthood.

We want a world where the voice and rights of the child are at the centre of their journey and support is offered early to children, young people and families who need it, free from judgement or stigma.

Trust Mission

Postcode Children Trust's mission is to inspire and support children and young people to make the most of their lives and opportunities within their communities.

The Trust supports charities and good causes with those purposes through grant funding for charitable activities across Great Britain.

Supported Charities

Postcode Children Trust will fund charities that seek to strengthen families, tackle poverty, support mental health and resilience and boost opportunities for young people. The trust will also fund charities working alongside children and young people with disabilities and supporting those who have experienced trauma and abuse.

CASE STUDY 1

Future

Place2Be is a children's mental health charity with over 25 years' experience working with pupils, families and staff in UK schools. Place2Be enables children to work through their problems, such as bereavement or anxiety, so that they can return to the classroom ready to learn.

Since 2017, players of People's Postcode Lottery have supported Place2Be to intervene early, preventing mental health problems from having a devastating impact into adulthood. The charity's annual Children's Mental Health Week has raised more awareness than ever before, with over 549,000 unique visitors to the campaign website in 2021.

Going forward, funding through Postcode Children Trust will enable Place2Be to be there for even more children, families and staff by working towards its goal to double the number of partner schools over the next five years.

CASE STUDY 2

Innovation

We continuously review the breadth of causes we support, identifying opportunities to provide further funding in areas which complement existing work and we invest in innovative solutions for transformational change.

Girlguiding is the leading charity for girls and young women in the UK, empowering 240,000 girls to be their best and face the challenges of growing up today. For over 100 years, the charity has been doing this through adventure, friendship and fun.

Through support from players of People's Postcode Lottery, Girlguiding revamped its Programme for girls, with

unprecedented involvement from members to design and create it. Girls worked with the charity at all stages to design and test every element of this programme, from activities to badge design. Interest badges alone were tested and tried by over 1,000 girls and parents/carers, and many more members and young women tried out activities at unit meetings, consultations, focus groups and camps.

Girls' voices lead the development of six new themes to empower members: Know Myself, Express Myself, Be Well, Have Adventures, Take Action and Skills for my Future.

CASE STUDY 3

Advocacy

Children 1st is Scotland's National Children's Charity. The charity helps Scotland's families to put children first, with practical advice and support in difficult times. And when the worst happens, Children 1st support survivors of abuse, neglect, and other traumatic events in childhood, to recover.

The coronavirus crisis put huge pressure on families' finances and in 2020, Children 1st's Money Advice Service was extended to families across Scotland. Funding from players of People's Postcode Lottery contributed to this service, enabling the charity to listen to each family's situation and support them with income advice, debt management and help understanding benefits and the welfare system. The service provides pragmatic support with applications and offers advice tailored to each family's needs.

"The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests."

Trust Priorities

In order for the Trust to fulfil its vision, in the next three years prioritisation will be given to providing support early, including in the early years, addressing violence against women and girls, tackling poverty, supporting young people with care experience and strengthening families.

We explore how the work of our partner charities is aligned to the SDGs and continuously review how we can complement support from government, corporate and other funders to create change.

We include support for advocacy in our work.

We believe in unrestricted funding

We invest in all our beneficiaries' potential and energy to be the driver of positive change.

The majority of funding from Postcode Children Trust is flexible, unrestricted and long-term. We believe that supporting charities in this way can lead to lasting and systemic change.

All funds awarded must be used to further the charitable aims of the trust as detailed above and against any geographical restriction. Funds must be used against the agreed application submitted by the charity. However, we know that not everything always goes to plan so adjustments can be made, with approval.

We are flexible and we embrace partnerships

While activities must fit with the Trust's charitable objectives, we recognise that charities or good causes are the true experts in how they best use received funds. Therefore, we award these funds flexibly to ensure maximum impact.

We cherish strong partnerships at all levels with the good causes we support, based on trust and openness. We are committed to mirroring this approach in our reporting by being light touch and proportionate, always placing relationships at the centre of our funding model.

We are committed to elevating our good causes by understanding and sharing our collective impact. This means that, where it is within our gift to do so, we will provide more than just funding. For example, by offering informal opportunities for charities to connect and provide peer learning and support.

How we work with our charity partners

Our approach:

We are courageous

We believe it is necessary to actively seek innovative and bold ways to solve challenges. We work with partners who share our values, who often dare to be disruptive in order to make change or create a different solution. We share the vision of leaders willing to try and are always honest about potential risks.

For us courageous funding means:

- Entering long-term partnerships with our beneficiaries and trusting them to spend funds where they are most needed.
- Daring to enable organisations to start something that would otherwise never get off the ground due to the time constraints and demands of exploring all possible solutions and exhaustively mapping out all possible risks.
- Supporting organisations and themes that can sometimes trigger resistance, are politically sensitive or can generate wide debate because of vested interests.

UNRESTRICTED FUNDING IS VITAL FOR CIVIL SOCIETY ORGANISATIONS TO CONTRIBUTE TO A BETTER WORLD FOR EVERYONE.

Multi-year unrestricted funding allows organisations to address those needs they feel are most relevant and urgent. Moreover, unrestricted funding allows organisations to flexibly shift priorities when circumstances change, which is the case with crises like COVID-19 or natural disasters."

Dr. Pamala Wiepking,
Professor of Societal Significance of Charity Lotteries

What we aim for

Change

Supporting civil society to enable systematic change, requiring longer term investment to achieve results through more flexible funding. Our beneficiaries consist of the broad spectrum of change-makers and innovators, advocates and activists and givers.

Creativity

Investing in fresh, innovative or different ways of addressing issues – these could be lighthouse or pilot projects, or time-restricted funding to accelerate change in a specific area or project.

Collaboration

Creating opportunities to maximise impact through strategic partnerships. This has enormous potential and could involve sharing resources and information between charities and public/private groups or organisations.

Community

Recognising the importance of local initiatives and the extraordinary people who give so much of their own time and effort to create activities that benefit village, town and city communities.

Equity, Diversity and Inclusion

Postcode Children Trust is committed to diversity. We recognise that Equity, Diversity and Inclusion is an ongoing journey and that we need to continue to learn and adapt to meet this commitment.

We champion equity, diversity and human rights and promote inclusion, fairness and opportunities for all. Every individual must have the chance to achieve their potential, free from prejudice and discrimination. We will work to ensure supported organisations have appropriate measures in place so that no one experiences discrimination on grounds of age, disability, gender reassignment, marriage or civil partnership, pregnancy or maternity, race, religion or belief, sex or sexual orientation.

We strive for a portfolio of funded programmes where everyone can see themselves represented in the work that our players support.

In order to deliver on our equity, diversity and inclusion commitments, while supporting the most vulnerable groups in society through the organisations we fund, we continuously look for ways to improve our understanding and practice. This includes recruiting Trustees who reflect the diversity of society; listening and learning from those highlighting inequality e.g. from the Black Lives Matters movement; ensuring our communication with stakeholders is fair, inclusive and open to all; and working with external expertise representing minority/marginalised communities views, requirements, and wants.

Funding Awards

Funds are awarded in order to support sustainable long-term partnerships. At the point of application an indicative award amount is communicated. The final award is decided by the trustees on approval of the application.

Regular award

The trust awards unrestricted, flexible funding on an annual basis to each regular, supported charity. Funds are awarded to support sustainable, long-term partnerships, with a formal review after three years.

Where our long-term partners are able to demonstrate impact aligned to our values and subject to the availability of funding, we will seek to provide uplifts over time where possible to enable them to do even more to create a better world.

Discretionary awards

Where funding allows, at the discretion of the trust, one-off awards may be offered for:

- a special project which meets the thematic and geographic priorities of the trust;
- building capacity for long-term growth or organisation strengthening and sustainability;
- additional support in emergency situations or to tackle specific needs;
- working in partnership with other funders on collaborative approaches to maximise impact

Shared vision for maximum impact

In order to understand the impact of player support aligned to the trust's mission, we hold regular conversations with our partner charities. We also visit our supported charities to see their work, understand challenges and recognise progress towards their goals.

At the end of each year of funding, our partner charities submit a review outlining progress against their planned use of funds. This includes both qualitative and quantitative measures. We are then able to see the collective outputs and outcomes of player support and how it contributes towards the mission of the trust/trust's vision that every child and young person, regardless of their starting point, background or experiences, feels loved, safe, respected and enabled to thrive into adulthood, and its alignment to the UN Sustainable Development Goals.

As a collaborative funder we aim to share good practice with other funders and raise awareness of the work of our partner charities. We share stories of impact with People's Postcode Lottery to provide success stories with their players, for example through Christmas cards and social media channels. Where possible, we enable in-person opportunities for our charity partners to meet players, such as at regular Postcode Millions events or the annual Charity Gala.

**“It always seems impossible
until it is done...”**

Nelson Mandela

18 July 1918–5 December 2013

Postcode Children Trust is a registered charity with the Scottish charity regulator OSCR (SC044773) and has been in operation since 2014. The trust operates its own society lottery and receives all its funding from the players of People's Postcode Lottery.

An independent board of trustees is legally responsible for the governance of the trust and how it is managed.
